SAFETY AT YOUR Work

Wireless camera system for lift trucks and other industrial machines

Why a camera system for lift trucks?

Moving pallets

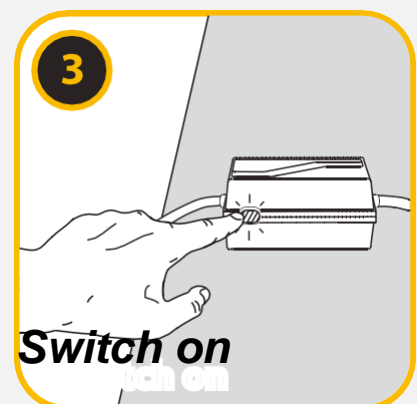

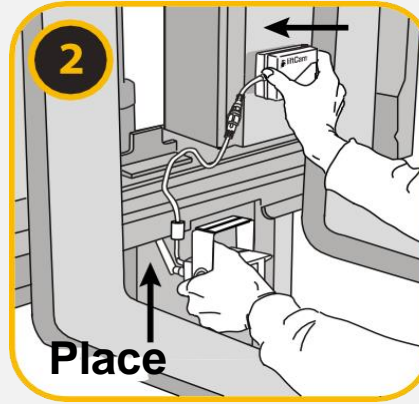

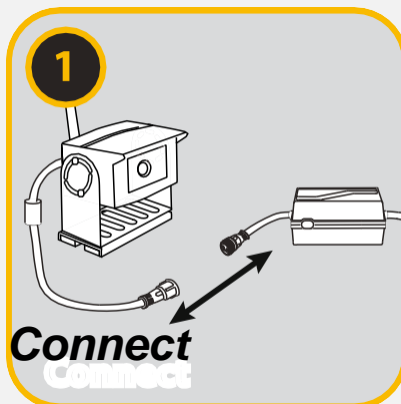

- reduced stress for driver
- reduced amount of damaged goods and racks

Reversing

- less neck or back pain for driver
- less risk of collisions

Advantages

- quick and easy installation in 3-5 minutes
- no need for cables, no special cable reel needed, no more broken cables
- easy to mount or reposition
- digital transfer of data: no interference or distortion of the signal
- the camera can send the images through the wireless digital transfer to the monitor, with a range of 150 m in open air

Jallahalli West, Kalanagar Main Road, Bangalore – 560015

Technical specifications:

Wireless video camera

- **Transmitting frequency:** ISM 2,4 GHz
- **Transmission power:** 20 mW/CE/FCC
- **Channels:** 4
- **Resolution:** 640 x 480 VGA
- **Angle H:** 82° - **V:** 59°
- **Minimum illumination:** 0 lux
- **IR night vision:** < 25 m²
- **Power supply:** DC 12 V/48 V
- **Power consumption:** 260 mA (IR OFF) - 450 mA (IR ON)
- **Operating temperature:** -20 °C to +50 °C
- **Weight:** 636 g

Wireless 7" LCD-monitor

- **LCD screen type:** TFT-LCD
- **Display size:** 7"
- **Resolution:** 640 x 480 VGA
- **Transmitting distance:** 30-120mtr
- **Channels:** 4
- **Power supply:** DC 10 V/32 V
- **Power consumption:** 6W
- **Operating Frequency :** 2400-2483.5MHz
- **Operating temperature:** -20 °C to +50 °C

Battery pack

- **Battery type:** lithium polymer
- **Battery capacity:** 2000mAh (500mAh, 8000mAh, 10000mAh optional)
- **Output voltage:** 12 V

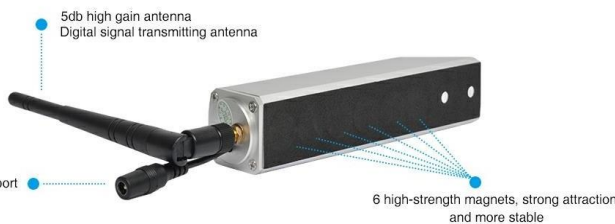

Why to install forklift camera systems?

How to avoid accidents in warehousing operations caused by limited visibility?
How to improve the working efficiency of the forklifts with safety being guaranteed?
How to prevent secondary damage by the collapsed goods or shelves resulted from the vision error of forklifts?

The camera is magnetic, easy to install

6 high-strength magnets, strong attraction and more stable

2.4G Digital Wireless signal
Transmitted Distance: 100 Meters (In open air)
